Ramapo Tomato

Back by Popular Demand!

Resistant to fruit cracking and fusarium and verticillium wilt. Semi-determinate plants grow 40 - 48” tall. 75 - 85 days to maturity.

Medium sized, 12 - 16 oz. fruit.

Visit Rutgers NJAES Jersey Tomato website:

www.njfarmfresh.rutgers.edu/JerseyTomato.html

Moreton Tomato

The Return of the ‘Moreton’ Tomato!

This tasty favorite was an early season variety grown by Jersey Tomato farmers before replacement by modern shipping varieties.

Old fashioned Jersey Tomato flavor

Classic gardener’s favorite

Early season maturity

Resistant to Verticillium

The reintroduction of this variety is a cooperative effort of Rutgers New Jersey Agricultural Experiment Station, Harris Seeds and Eastern Seed Services
